IMPORTANT NOTE:

WHY IS OUR SUPPLY LIST SO SHORT?

Because we'd rather you spend your time investing in your child than shopping for school supplies. We provide the standard classroom supplies so your family's focus can be on preparing hearts—not filling carts. Instead of another shopping trip, consider:

- *Have a meaningful conversation about the year ahead.*
- *Read a passage of Scripture together.*
- *Pray for your child, their teachers, and our school.*

**We'll take care of the pencils.
You take care of what matters most.**
